Team Cherrytec

Cherrytec has an enviable team with composite skills in multiple domains and is advantageously positioned to undertake variety of projects in diverse business verticals.

Talent transformation is an ongoing process at Cherrytec, through which, qualified and experienced domain consultants with both Functional & Technical expertise are fostered.

Trained talented professionals of Cherrytec are currently servicing Clients across multiple Industry domains.

“Intellects Bridging the Future”

The power of reasoning is termed as Intellect. Intellect is also the capacity for inference. Cherrytec's strength lies within its Team of Intellects, who provide value addition to Clients.

Future is defined to be an unpredictable time frame. We constantly work toward the Future, predicting and believing in our predictions and changing ourselves to make the change happen.

The power to Bridge the changing Future lies with Intellects. Cherrytec slogan reflecting its driving force is aptly coined “Intellects Bridging the Future”.

Collaboration that works

We believe that the best solutions come from collaborative relationships with our clients.

As your global consultant, we will work closely with you to understand your unique business transformation goals, design best-in-class solutions and devise the most efficient plan for implementing your strategy across the organization. We work in an open and transparent way so that we are always in control of your business, timelines and costs.

Socio Economic Contribution (S-E-C)

S-E-C in Cherrytec is primarily done by One-to-One Mentoring as each person encourages & motivates the other, towards a more purposeful & effective lifestyle. Towards this, there are 3 areas that each of us can assist by making these a part of our day to day approach :

1. Following discipline in any and everything we do
2. Providing a helping hand to people around us in any way we possibly can
3. Showing the right path forward to people around us

Differentiators

 **Transformation capability**

Our process reengineering capability enables us to review client processes and improve effectiveness of their businesses.

 **Strong focus on select domains**

We combine our tenured experience with deep domain knowledge to provide a competitive edge for our Clients.

 **Client centricity**

Our account management team, whose members are present onsite, near-site and offshore, provide subject matter expertise and ensure that all business issues are prioritized and expeditiously resolved.

 **Operational excellence**

Our capabilities and methodologies help migrate processes seamlessly and improve them on an ongoing basis creating greater value to clients' businesses.

 **Integrity guiding our conduct**

We are transparent and lead by example to keep interest of stakeholders integral to the principles and values we cherish. We listen, give space and are open to feedback.
