

### Canteen Management System

### **Venus - Canteen Management System**

Many organizations provide Canteen as an additional subsidized and Non-subsidized facility to their Employees as a welfare measure. The usage of the canteen by the employees depends on many factors like centralized food distribution center with swift and Simplicity in operations. CMS design provides a user friendly system that facilitates quick and efficient operations to cover larger section of employees within a specific time. CMS is paperless and has almost cashless transactions.

With this system, employees can view the menu of the day and place orders from the comfort of their own workstations. Also, the Canteen administration has a better record of food items in demand and can plan accordingly.

The following benefits are :

- Simple operations with easy installation procedure
- Provides cashless and paperless transactions.
- Accounting is made easier between the company and the caterers.
- Complete tracking of Income and Expenditure
- Provides a fast and efficient service.
- Use of Coupons instead of cash.
- Effective inventory management
